PROFESSIONAL SUMMARY

I am a final year BTech student in Computer Science Engineering at Meghnad Saha Institute of Technology, known for being hardworking and a quick learner who thrives under tremendous pressure. I enjoy making small technical projects that allow me to explore new ideas and enhance my problem-solving skills. Outside academics, I love playing football, which has helped me develop teamwork, discipline, and a healthy competitive spirit.

TECHNICAL SKILLS

Languages: Python, C, Java, Javascript
Frameworks/Libraries: React, HTML, CSS, Bootstrap
Version Control: Git, GitHub
Tools: VS Code, Cursor
Database & Backend: My-SQL, Node JS, MongoDB, Flask
UI/UX Design: [Figma](#)
Editing: Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, Adobe After Effects, Krita(for animation and digital art)
Soft Skills: Communication, Teamwork, Problem-solving, Time Management, Adaptability, Good Listener, Innovative Thinker
Cloud Service: AWS

PROJECTS

Online E-book Maker System Sept 2024 – Dec 2024

(React.js, Node.js, Express.js, MongoDB, JWT, Figma, HTML/CSS, JavaScript)

- Developed a user-friendly platform enabling real-time e-book creation with text formatting, image embedding, and export to PDF.
- Implemented secure user authentication and content management with auto-save and multi-page editing support.
- Designed an intuitive and responsive UI with drag-and-drop features to enhance the user experience across devices.

Data Shield – Privacy Score Tool April 2025

(HTML, CSS, JavaScript, Python, MySQL)

- Developed a web-based tool that analyses uploaded datasets and generates a Privacy Score by detecting sensitive fields like email, phone number, and location.
- Built a custom Python script to perform pattern matching and classification of data types to assess privacy risks.
- Implemented a backend system to store and retrieve privacy reports using MySQL for user review and analysis.

PassGen – Password Generator April 2025

(HTML, CSS, JavaScript)

- PassGen is a web-based password generator that uses JavaScript to create complex and secure passwords instantly.
- The user interface (UI) is simple and responsive, allowing users to generate passwords with just a click, showcasing front-end development skills.

ACHIEVEMENTS

- Freelancing on Freelancer and Fiverr since 2020
- Core Organizer of Megatronix (recognized by Edugraph, Times of India)
- Team Lead in multiple hackathons

EDUCATION

10th Standard (88%) 2007 - 2020
South Point High School, Kolkata

12th Standard (82%) 2020 - 2022
B.D. Memorial International, Kolkata

B. Tech in Computer Science and Engineering (7.34 GPA) 2022 - 2026
Meghnad Saha Institute of Technology, Kolkata
